

# eLearning (eNauczenie) Mobile App

eLearning (eNauczenie PG) Mobile App allows you to browse resources saved on local elearning platform - eNauczenie directly on your phone with Android/iOS operating system. This app is based on open source project called Moodle Mobile. Gdańsk University of Technology IT Services Centre works on bringing the latest features of that project to all of students at Gdańsk Tech.

Depending on your device, program can be installed from the app stores:
